

# Organize your Garage in Style!

At last – the affordable way to a Designer Garage. MAXimum Garage offers a totally flexible and expandable garage storage system, at a price you can afford.

The alternative to boring storage cabinets, MAXimum Garage brings, style, function and durability to the largest room in your home. Modular design with a clean, custom look: arrange it however you want for whatever you want to do

Whatever you're into, we have a place for the stuff that goes with it. Now you can have a place for anything and everything in your garage ...including the car!

- **Durable textured coated** PVC laminate finish
- **Radius profiles** with full overlay design provide a custom designer look.
- **3/4" MDF Doors** with 5/8" engineered cabinet construction.
- **Heavy duty** 3/4" adjustable shelves hold the extra weight.
- **4" adjustable ABS feet** for elevation off the floor.
- **Black Powder-coated** 12mm handles.
- **7 modular sizes** fit all your design needs - Tall, Base and Wall cabinets.
- **Easy to Assemble** using SLIP FIT™ fastener technology.

Modular European Design,  
Maximum Storage Flexibility
